Cast Iron & Steel Wood Stove Line

Alderlea woodstoves have redefined the centuries old charm of the cast iron stove by wrapping a graceful cast iron profile around legendary Pacific Energy steel fireboxes. This innovation delivers both radiant and convection heat for powerful performance. In true pioneer style, The Alderlea has a practical side – a large concealed cook top, food warming shelves, an air-wash for a clear view of the fire, and an easy cleaning innovative ash disposal system.

Swing out food warming shelves
