Standard Features

- EPA Certified
- Mobile home and alcove approved
- Closest clearances in the industry
 - Single rod draft control
 - Brick-lined firebox
 - Air wash system
 - Rear heat deflector

Convactor Airmate
Directs convection heat into your room. Allows closer clearances.

Heat Reflective Baffle
Designed to reflect heat back into the firebox to enhance reburn. Improves temperature distribution and efficiency of the firebox.

Firebox
Airtight and lined with firebrick to ensure wood is burned completely to deliver clean efficient heat.

Side Shields
Insulates stove to prevent heat loss and allows convective air to be warmed against side of stove.

Single Rod Draft Control
Simple and easy to control heat output and size of fire.

Removable Ash Drawer
For safe and easy clean up. Fits seamlessly into design of stove.

Heavy Gauge Steel
Used throughout the stove to ensure long term durability and increase radiant heat.

Stainless Steel Air Tubes
Injects secondary air into firebox to create reburn. Provides cleaner, more complete combustion.

Heavy Duty Hinge Pins
To ensure long term durability.

Airwash System
Engineered to keep your glass clean automatically by creating airflow across inside of glass. Stove must burn at maximum for 30 minutes for Airwash to occur.

Ceramic Safety Glass
Tested and certified to withstand very high temperatures. Allows heat to radiate through the glass.

Heavy Duty Cam Latch
Ensures airtight seal for controlled airflow.

Optional Screen

Optional Airmate
